To Whom it May Concern;

RE: Saugeen Valley Children's Safety Village

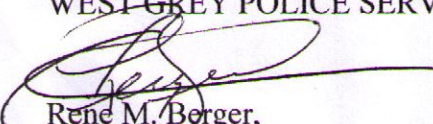

On behalf of the West Grey Police Service I am very pleased to provide you with this letter of support for the Saugeen Valley Children's Safety Village.

Safety Villages have proven to be an exceptional educational tool because they involve children in the learning process. Children's personal safety is an ongoing concern and I can think of no better way to promote the health and safety of our children than to provide them with an interactive place where they can experience life saving lessons that only a Children's Safety Village can provide.

Once again, we support your endeavours and if there is anything we can do to assist, please do not hesitate to contact either Constable Janet Eidt or myself.

Yours truly,

WEST GREY POLICE SERVICE

Rene M. Berger,
Chief of Police

CC: P.C. J. Eidt – Community Services Officer
